Introduction

“It takes a lifetime for someone to discover Greece, but it only takes an instance to fall in love with her.”

– Henry Miller

**Welcome
to
Greece**

Oh Greece, you wonderful European country! Many of the ancient Gods came from this area and also for the naked traveler the options here are plentiful. And we're not only talking about the nude beaches in Greece, naturist resorts like Vassaliki and Vritomartis are high on the bucket list of many traveling nudists.

Naturism in Greece is something you just HAVE to experience. The pristine beaches will make you feel like you're somewhere in the Caribbean while the Greek cuisine will put your feet back on European grounds. If you want a great naturist holiday within Europe, Greece is certainly a place where you want to go!
